

The Midway Museum: Pre- Visit Packet

Please read this before your visit!!

How To Have A Successful Tour:

We want to ensure that your tour is informative and exciting. One way to achieve a productive tour is by preparing your class before they arrive. This can be done by reviewing the museum's education tab and understanding the scope of the museum. The students would benefit from having baseline knowledge before they arrive. The Midway Museum hopes that your visit here will reinforce the ideas and themes from the classroom.

Since we are a museum, some rules must be followed during your visit to protect the property and artifacts. If you have any questions about the rules before visiting, please email the museum at midwaymuseum@yahoo.com.

Rules for visiting the Midway Museum

Please do not run, skip, or jump in the museum.

Be respectful to the docents and volunteers.

Speak in a respectful tone and volume.

The tour is designed and scheduled to fit the size of your group. This will ensure that everyone gets the best experience. Please stay with your guide and group during the visit.

Photography is not allowed in the museum.

LOOK WITH YOUR EYES AND NOT WITH YOUR HANDS.
